

# SG5000 By **univex**

WE RAISE THE BAR. WE SET THE STANDARD.

## NUT BUTTER GRINDER

Introducing the **SG5000 Nut Butter Grinder**, the dependable, high-output machine bringing fresh, all-natural nut butters straight to your supermarket floor.

***Proven, customer-engaging attraction:***

Shoppers grind their own peanut, almond, or cashew butter on demand

***Clean, low-maintenance setup in a compact footprint***

***Univex's trusted parts and service dept. on your side***

### COMPACT PROFITABILITY, BIG IMPACT

The SG5000 is driven with intuitive push-button “soda-style” dispensing, and robust construction built to withstand continuous daily use in busy grocery environments.

Manufactured in the USA by Univex, the SG5000 is backed by Univex's established parts and service infrastructure, ensuring reliable long-term support, fast response, and consistent availability of critical components. Safe, sanitary, and visually appealing, it turns a few square feet of floor space into a durable, profitable in-store destination.
